Community As Client Application Of

Community Client and Nursing Practice. Population-focused health care is experiencing a rebirth, and the community as client is important to nursing practice for several reasons. When focusing on the community as client, direct clinical care can be a part of population-focused community health practice (Radzimirski, 2007). For example, sometimes direct nursing care is provided to individuals and family members because their health needs are common community-related problems.

Community as Client: Assessment and Analysis | Nurse Key

The concept of community as client is based on the assumption that community nursing practice is "community oriented," seeking "healthful change for the whole Requests for reprints should be sent to Ardys McNaughton Dunn, RN, PhD, School of Nursing, University of Portland, 5000 North Willamette, Portland, OR 97203.
