### Final Report from Lewis Lab to NIDCD

Edwin R. Lewis. Biography. Concentrating on application of engineering to physiology, Lewis earned the AB (Biology), MS (EE) and Engineer (EE) degrees from Stanford in 1956, 1957 and 1959 respectively. Research for his Engineer degree was conducted in the Physiology Department of Stanford Medical School.

### Edwin R. Lewis | EECS at UC Berkeley

To help address the need for instructional material for courses in bioengineering, Goldsmith and colleagues wrote one of the early comprehensive texts in the field, Introduction to Bioengineering (edited by S.A. Berger, W. Goldsmith, E.R. Lewis) published by Oxford University Press in 1996 . The text was based on a long-running team-taught course of the same title that, although he had not introduced it, Goldsmith was coordinator and mentor of for many years, and which he led off teaching ...
