It's not me it's you' does everything it's meant to do and more - Mhairi McFarlane is a terrific author and for me this is her best book so far. Her characters are so well-rounded you want them to be your friends - even the more unlikable ones are believable and redeemable in at least some respects.

I am not in Lily Allen's target audience. But I have been listening to all kinds of music for most of my 70 years. There is not one filler song on the entire collection.
