## Aerohive Networks vs. Cisco Meraki Wireless LAN Comparison ...

SOLUTION COMPARISON | MERAKI VS. Any vendor can talk, but it's important to check the real experience of customers. Meraki has been deployed in over 18,000 networks worldwide and connected over 40 million clients. Compare for yourself: • Aerohive, in December 2010, announced over 1,000 total customers.

## Solution Comparison Meraki vs Aerohive - Pronto Marketing

Diving into Meraki vs. Aruba vs. Aerohive Meraki. Cisco's Meraki is a simplified, cloud-managed AP solution that can be monitored and controlled through an intuitive, centralized dashboard. This means that you can remotely configure thousands of devices, across myriad locations, without having to deploy on-site staff each time you need to troubleshoot or reconfigure. Without a bottleneck of hardware controllers, Meraki is able to provide a high-density Wi-Fi solution designed to address ...

## Meraki vs. Aruba vs. Aerohive—Choosing the Right AP ...

Aerohive Wireless. A large segment of the Aerohive client base is the education market, which is very different in terms of agility and immediate support needs of financial institutions. They seem to focus more effort on their wireless AP solutions, which I have only rarely tested.

## Aerohive Wireless vs Cisco Meraki Wireless Access Point ...

## Download Free Meraki Vs Aerohive Wireless Solution Comparison

Is this why they bought Meraki? I know you can create FlexConnect groups and basically apply configurations to groups of APs, but everything still feels lacking compared to what I'm familiar with from AeroHive. Still very new to this so looking for advice on understanding this stuff. ... AeroHive vs Cisco Wireless Solutions

### **AeroHive vs Cisco Wireless Solutions - Cisco Community**

Meraki has a more complete portfolio if you're looking for a single solution for your network infrastructure. Aerohive is probably stronger in terms of wireless (since that's their focus) by not really by much. Both are decent and fairly reliable solutions. There really isn't a clear winner in my book.

### **Aerohive vs Meraki : networking - reddit**

Re: Meraki vs Aerohive We had a bake off between Aerohive, Meraki, Aruba and Ruckus a little over 2 years ago. When of the test that I ran was to see how many clients I could connect to each access while streaming a youtube video.

### **Meraki vs Aerohive - The Meraki Community**

Aerohive Networks is ranked 7th in Wireless LAN with 4 reviews while Cisco Wireless is ranked 2nd in Wireless LAN with 31 reviews. Aerohive Networks is rated 9.6, while Cisco Wireless is rated 8.0. The top reviewer of Aerohive Networks writes " HiveManager is useful for managing APs and switches from one cloud interface".

### **Aerohive Networks vs. Cisco Wireless Comparison | IT ...**

Meraki has a mobile app that is iOS or Android compatible so that the environment can be managed from truly anywhere and any device. The Cisco Premise-Based Controller must be managed from the same location or via anywhere on the Internet via a VPN client.

### **Solved: Meraki vs Cisco Wireless Solutions - Cisco Community**

Don't know Meraki but I've put a few Aerohive networks in. Quite good products - although the "controller less design" thing is a bit of a red herring. It's great for meshing where you don't have cabling to every location - you can still deploy wireless APs and use 5ghz as the back haul instead of cat5.

### **Aerohive vs. Meraki : networking - reddit**

Cisco Meraki vs. Aruba, Aerohive, Ruckus, and HP Have you ever wondered if Meraki wireless solutions are worth it and how they compare to other vendors? In this report, Cisco Meraki, Aruba, Aerohive, Ruckus, and HP are compared in areas, such as network visibility, insight and control, to exhibit the simplicity and value of Meraki equipment.

### **Meraki Wireless Solution Comparison - Hummingbird Networks**

Solution Comparison | Cisco Meraki Wireless Cisco Meraki Wireless Solution Comparison Simplified cloud management • Intuitive interface allows devices to be configured in minutes without training or dedicated staff ... With Aerohive's Hive Manager, configuring secure,

### **Cisco Meraki Wireless Solution Comparison**

Meraki is cloud controlled while Aerohive is cloud managed. If the cloud is inaccessible for whatever reason Meraki is dead in the water (this comes from experience) while Aerohive just keeps working. Also when Aerohive comes out of support it just keeps working while, as the threads showed, Meraki shut the entire wireless network down.
